LOCALETS

The committee in charge of the May Day sports has every reason for self gratification. Of course there was a good deal of co-operation on the part of a number not specifically named on the committee and those can enjoy the reward that accompanies the realization of success. It was not the intention to make a big splurge, but merely an enjoyable diversion.

A large crowd was on hand for the first event, the basketball game. The Lomond team had been beaten twice last year by the Enchant team and was training hard in the hope of making a better showing. It was a pretty and strenuous game and even though Enchant got by with a two-point lead the home team demonstrated its training, pep and ability.

The following composed the Lomond team: Madge Lynk, Isobel Henderson, Jean McKay, Grace Hartwick, Mary Maronda, Quetta Summers.

The second event was the junior base ball game in which the Lomond boys picked off a victory to the score of 11-6. The line-up was as follows: Norman Erskine, p., Frank Aseltine, c., Lyle Plunkett, 1b., Charles Maronda, 2b., Frank McFarland, 3b., Harold Lynk, s., Fred Maronda, rf., Reginald Frost, cf., Lloyd Percell, lf.

Whether it is that the best of the base ball players are married or that matrimony lends to the player an element of superiority is a point The Press would like to see defined. At any rate the singles made a very poor showing against the family men. One run only was the margin of victory, but the singles must invariably carry the handicap of unabated chivalry, hence more is expected of them in a public demonstration of this nature.

Marrieds:—Baker, p., Cawsey, c., H. Aseltine, 1b., Barnett, 2b., Chapman, 3b., V. Williams, s., Forster, rf., Tawse, cf., Hart, lf. Singles:—Manning, p., Kyllingstad, c., Ryall, 1b., Kunkel, 2b., N. Erskine and F. Aseltine, 3b., A. Walker, s., McLean, rf., Connolly, cf., Phil. Frost, lf.

W. W. Walker won the half

mile straight-away.

C. W. Thompson picked off the hundred-yard dash.

Jas. A. Cawsey was at the front of the ranks with the fat men.

H. Gilmour took the high jump.

Orbie Baker took off the hop.

The football match in the evening turned out to be the best exhibition of that game played in Lomond since the "bug" was turned loose. Lomond played a victorious game, the score being 3-0, but they by means had everything their own way. Badger Lake found it necessary to pick up a few outside players at the last minute, but had them placed in very effective positions. The teams are lined up below.

Lomond:—Goal, King; backs, Bell and Tulloch; half backs, Lamond, Henderson and Cawsey; forwards, Kyllingstad, Foster, Gilmour, McLean and Cant.

Badger Lake:—Goal, Stephens, backs, Hartley and Hart; half backs, Patterson, Chambers and Teasdale; forwards, Chapman, Metcalf, McArthur, Kelly and Walker.

The warm weather did not in any way deter from the attendance, as Vickers' Hall was filled to capacity to hear the entertaining program arranged for by the Girl Guides and Boy Scouts. Following are the program items:

Chorus: "Girl Guide Song", by the Girl Guides.

Song: "Patches", by Jackie Hedges. Stave Drill, by 4 girls.

Dialogue: "The Competing Railroads", by Willie Teskey, Martin Maronda, Andrew Erskine, Tommy Paton.

Song, by Nadine and Madge Lynk.

Tableau: "Old Dutch Cleanser", by three girls.

Recitation: "Casey at the Bat", by John Williamson.

Song: "Bogey Man" by Doris Adams "Scout Song", by the Boy Scouts.

"Fisher Girl Drill", by 6 girls.

Song, by Doris and Jean Adams.

Reading, by Cecelia Brennen.

Tableau: "Sleeping Beauty and Prince Charming", Jean McKay and Grace Hartwick.

Dialogue: "A Dentist's Office", by Robert Holden, Arfin Kyllingstad and John Williamson.

Song: "Good-bye, Dear Sweetheart", by Robert Holden and Andrew Erskine.

"Pinafore Drill", by 4 girls.

Chorus: "A Basket of Roses", by the Girl Guides.

Cornet Solo, by Frank Aseltine.

Reading, by Rev. F. Forster.

Chorus: "Tenting To-night", by the

Boy Scouts.

The concluding dance did not get started till nearly midnight but the dancers stayed with it till the morning sun scared them off the floor. The music was provided by Harry Manning, Miss Root and Lyle Plunkett.

George Stacey of Lethbridge paid a business visit to his Lomond branch last week. He was accompanied by his daughter.

J. C. Watson returned from Kincardine this week and is staying with his sister, Mrs. Andrew Hartwick. The lure of Ontario failed to hold him after his visit to the West last year.

Grasshoppers have made an appearance at Badger Lake and Kinnondale but not to any serious extent. A bait mixer is being set up at Kinnondale and a quantity of bran is being transferred there. The menace would appear more dangerous at Majorville and Milo and a close watch is being kept by the district supervisor.

The Lomond Consolidated School athletes are planning to pay a return visit to Enchant on Saturday, June 3rd, the King's birthday. The basketball team, especially, is anxious for revenge.

Dr. Walkey informs The Press that his phone, No. 2, still has a continuous day and night service with connections as usual.

with Bow City, Amethyst, Kinnondale, Armada, Vulcan, Champion, Retlaw, Enchant and Travers.

A winning hand—the hand that wears the diamonds.

Lomond Chautauqua, Aug. 7, 8, 9, 10.

NOTES

It's almost dry enough to call another irrigation meeting.

The "poor man" can still buy his oleomargarine. This concession granted as a war measure, has become permanent by consent of parliament. As the price of butter and axle grease is around 20c. per lb., the "poor Oleo" should appreciate his "Margarine."

Travers Localets

Travers has gone bugs over the possibilities of the radiophone. It may be possible that a dance will be held in the near future, the music to be provided through a radiophone instrument by an orchestra in some far distant city.

Mrs. Mitchell is to be commended on the success of her Mother's Day program in the Sunday School.

A. S. Buchan was a business visitor in Calgary last week.

Manager Oliver of the Standard Bank makes frequent trips to Lethbridge.

The irrigation surveyors camped at Travers are ardent followers of golf. They have a diversion of three links marked off. So far it has not become contagious to the natives.

Money to Move the Crops

(National Crop Improvement Service.)

"Every year we see in financial news that the bankers are conserving money to move the crops.

"How does the farmer get his money?" He has been carrying all of the risk and the sum total of this risk by all the farmers makes the risk carried by speculators fade into insignificance," says Mr. R. S. Rider, president, Canadian Steel & Wire Co. "The farmer has always resented a fixed price because he considers that his wheat may be worth more than that at any time when he wants the full value for his property, but really the fixed price has very little to do with the selling price because at no time during the war period did wheat sell below the guarantee.

"Farmers have always said that if the middleman could be eliminated that they could get more for the wheat and the public could buy it for less.

"The Wheat Growers Association has demonstrated its ability to market its wheat co-operatively and it has not been difficult to finance every wheat transaction when placed upon a business basis."

There was a dance in Travers on the evening of Victoria Day.

Mrs. W. H. Adair and children have gone to Winnipeg, Mrs. Adair finding it necessary to undergo an operation on her nose for relief from hay fever.

Mrs. Jack Bain was up from Vauxhall visiting with Mrs. Cameron.

John Dumka is mourning the loss of his new bicycle which was stolen off the street one night about a week ago, in spite of the fact that he had taken the precaution to lock the gear with a chain lock.

Born, near Travers, on Monday, May 22nd., to Mr. and Mrs. S. Thurlow, a son.

Ed. Bannister does not figure that it pays to carry a sore head. He is making a favorable recovery from the effects of his recent accident.

George Wiest was taken to Lethbridge to have an x-ray photograph taken of his fractured leg. His friends accord him full sympathy in his painful accident.

The Terwilliger elevator has been torn down and shipped to a more prolific grain area.

Good Sport

☛ Don't be a "sport"—as per the vulgar interpretation associated with that term—but set about to enjoy some line of good sport.

☛ Make a hobby of some game, be it base ball, foot ball, tennis, golf, fishing or shooting. Set aside a reasonable amount of your time and devote it to your own peculiarly chosen hobby.

☛ Like David Harum's flees, a reasonable amount of sport will keep you from "broodin' over bein' a dog." It has a most refreshing result, both physically and mentally. No more emphatic argument could be used than the bye-word of Europe, "Lloyd-George does it."

W. McPherson Elected by Acclamation

Minutes of public and nomination meeting held in the Municipal Office, Lomond, Friday, May 26th.

Meeting called to order at 2:15 p. m., with 22 ratepayers present. Returning Officer E. C. Lacquement nominated to the chair and Alfred Walker as secretary.

Question asked by Wm. McPherson why Councillor Barnett was resigning. Mr. Barnett replied that it had been his intention to farm his land in Div. 6, but as he had since rented his farm and was a resident of Lomond, he had submitted his resignation.

Question asked by E. C. Lacquement if any liability rested with councillor should E. R. Barnett again be returned to office. Reeve Jos. Rodgers replied that liability rested with the division in which the election is taking place.

Considerable time was devoted to a discussion on the poisoning of grasshoppers, and incidentally it was explained that the Municipal District was in a helpless state financially and could not undertake any obligation in this campaign. Moved by E. R. Barnett and seconded by Wm. McPherson that the secretary send a wire immediately to the Department stating that the Municipal District was unable to fight the grasshopper menace owing to financial conditions and ask the government to take the matter in hand.

Nominations for councillor for Division 6 were called from 3 to 4 o'clock. Wm. McPherson was nominated by E. R. Barnett and L. E. Whipple. There being no other nominations, the returning officer declared him elected by acclamation to serve for the remaining part of 1922 and for the year 1923.

Moved by W. V. Baker and seconded by A. K. Anderberg that the retiring councillor be tendered a vote of thanks.

Mr. McPherson was then invited to speak, when he thanked the electors for the honor and pledged his integrity and ability to the new responsibility.

Further discussion centered around the leases being asked for by mortgage companies, relief and tax sale proceedings. Reeve Rodgers explained that leases signed subsequent to seed grain liens would not give priority to mortgage holders. In the matter of relief he explained the action of the Council in stopping the issue of general relief on May 15, also stating that it was at the same time the duty of the Council to take care of destitute cases at all times. The Reeve gave warning to ratepayers to provide feed for their livestock for another winter in case an unfavorable season should again present itself, and that in the case of a good crop the people will be expected liquidate the heavy end of their municipal indebtedness.

School Board Business

Minutes of a meeting of the Lomond Consolidated School Board, held on Saturday, May 6th. Chairman McKay and trustees Teskey, Elliott and Ost were present. Minutes of previous meeting read and adopted.

Moved by W. A. Teskey that the offer of the C. P. R. for the lease of 22 acres be accepted.

Moved by W. A. Teskey that the salary to be offered a primary specialist be \$1300 with bonus of \$100 if satisfactory.

Moved by W. A. Teskey that Principal Abbott be engaged for another year at same salary, \$2000.

Moved by Paul Ost that Miss Ball be re-engaged at salary of \$1300. Motion lost. For, Ost and McKay. Against, Elliott and Teskey.

Moved by Gordon Elliott that Miss Ball be re-engaged at a salary of \$1300 provided she take special course at the summer school as recommended by the Inspector, with bonus of \$100 to be given at end of year if satisfactory. P. Ost voted against.

Moved by Gordon Elliott that no money for conveyance be paid for children attending school residing in the Village of Lomond after the 31st. day of March, 1922.

Moved by W. A. Teskey that we pay to Plateau School District the tuition fees of Alice Herman.

Moved by J. R. McKay that we communicate to Inspector McKenzie that we are in favor of adopting the suggested card system for recording progress and promotions and ask him to have supplies forwarded.

The following accounts were passed for payment: O. R. Olson \$15, R. H. Hughes \$22, Workmen's Compensation Board \$5.

The Lomond Press

LOCALETS

Sunday, May 21st., brought back unpleasant memories of the 1920 soil drifting storms, but the results were more disagreeable than damaging, but when you proceed to Friday, May 26th., with a gale from the north-west, one might reasonably exclaim that the flails of hell were actually turned loose. Everyone was choked with dust and the young wheat plants whipped unmercifully. While the damage was undoubtedly of considerable magnitude, the plant roots have not been generally exposed as was the case two years ago, and with favorable conditions the ultimate result of the crop should not be materially affected. Rain is the only panacea and we heartily sympathize with all the people when the germ of pessimism makes its presence felt. The Press has repeatedly warned that even every good year is accompanied by a month or so of exceedingly dry weather. It does not necessarily signify that a couple of bad winds and a week or ten days of dry weather would spell a crop failure. The wheat is not suffering to any extent, provided the damaged plants do not suffer too much of a sun scorching, but the rye is showing grief. The late spring with rapid growth after the season did open was not an ideal condition to prepare a plant to withstand high winds and drouth.

Mr. and Mrs. Temple motored to Calgary on Saturday, staying over till Tuesday. Margaret Manning accompanied them to Calgary and is at the hospital undergoing surgical treatment on her eyes, which have been giving her trouble for some time past.

E. F. Purcell of Brooks called at The Press Office on Monday while on his way home from a business trip to some of the

irrigation camps at Barons on the Lethbridge-Northern project. He reports that the earth work is practically completed.

Mr. and Mrs. Orbie Baker motored to Nanton on Sunday, Mrs. Salter returning with them and remaining for the week.

Mr. and Mrs. W. J. Aselstine and the Misses Aselstine spent the week-end at the home of Mr. and Mrs. Wm. Hill, who are now residing twenty miles north of Vulcan. Little Dorothy Hill accompanied them home and will remain for a few weeks.

Frank Connolly, Harry Aselstine and Billy McArthur made a very successful fishing raid on Lake Newell this week, catching one that weighed thirteen pounds and sixteen more good mates for it.

Inspector Bavin of "D" division A.P.P. Lethbridge, paid an official visit to the Lomond detachment on Thursday of last week, and while here notified Constable Cawsey that he was slated for a move.

Rev. F. Forster attended the District Meeting held at Lethbridge on Thursday. He was accompanied by K.B. McKenzie of Kasimir. Conference will be held at Edmonton this year, Mr. Forster leaving for there on May 31st. There will be no services on the Lomond Circuit on Sunday, June 3rd., but a special Sunday School program is being arranged for the Lomond Sunday School for that day.

Rev. F. Forster has organized a very successful church service and Sunday School at Grand Springs school house. The Sunday School is held at 2:30 p. m. and the preaching service at 3:30 p. m.

While rounding up his horses on Thursday morning Kassim Sobb had the misfortune to be thrown from his saddle pony from which he sustained a fractured collar bone. Dr. Walkey had hardly returned from fixing up Kassim when he was called to Travers, where George Weist had been thrown from a plow when the machine had hit an underground rock, breaking his leg between the knee and hip. Mr. Wiest had in previous years sustained injuries which necessitated amputation of this leg below the knee, and that, with the present experience, should be sufficient to lead him to conclude that that one member of his anatomy is decidedly jinxed.

Mrs. Knapp of Midway fractured a couple of ribs when she lost her footing while leaning into a manger gathering eggs.

The time-table of Departmental Examinations affects Lomond as follows:—Grade X will commence on Thursday, June 22nd., concluding Friday, June 30th. Grade VIII will commence on Monday, June 26th., concluding Friday, June 30th.

Badger Lake expects the Lomond foot ball team to play a return game at Badger Lake on Friday evening, June 9th., and at the same time they are putting on an ice cream social.

A. Durand is able to come to town again after being laid up for six weeks with a severe attack of eyresipelas.

The Lomond Consolidated School has an entrance class of seventeen pupils.

Edward Barnett and bride, of Drumheller, are guests of Mr. and Mrs. E. R. Barnett.

Is a can of salmon worth three dozen eggs.

The Most Popular Conversation Starts Like This---

The government should do this---

If it would only rain—
I don't believe in irrigation—
Why don't the banks lend—
Do you think it is ever going to—
